

## Memorandum of Understanding The Hacker Zephyr

You have 7 days from the date your invitation is sent to either confirm or turn down the invitation. Any unconfirmed invitation after the 7 day deadline will automatically be turned down. Once you confirm, Tina Soriano will reach out to you about booking travel.

By signing here you agree and acknowledge that you can participate in the Hacker Zephyr through its entire course- from July 15-25 2021. You also confirm that you'll agree to and sign the waiver / media release form once the final draft is published and sent to you. Once your invitation is accepted, Hack Club will take on immediate financial costs ranging from dedication of staff time to travel bookings. To be frank: *it puts us in a bad spot if someone cancels – please only confirm if you can commit.*
